REFERRAL FORM- Mitral Valve Disease

Date: _____

It is beneficial to have the following records at the time of referral. Please include:

- o Most recent TTE and TEE (TEE is necessary to assess feasibility of Mitral Clip on all patients) **required.
- o Left/Right cardiac catheterization *preferred.
- o History and physical or recent office notes **required.
- o Carotid ultrasound
- o Pulmonary function tests
- o Labs (most recent CBC, BMP or CMP, and INR if available)
- o Demographics sheet including best contact number and insurance cards--**required.
- o

***If diagnostic imaging studies were performed at a facility outside of the Baptist Hospital System, please burn the images from the TTE/TEE and cardiac catheterization to discs and mail directly to our office at:

6025 Walnut Grove Rd
Suite 111
Memphis, TN 38120

Referring physician: _____

Contact number: _____

Office contact person: _____

Fax number: _____

Surgeon/Cardiologist Preference: _____

- All referrals are processed through the Heart Valve Clinic. The patient will be contacted directly regarding appointment time in the Heart Valve Clinic and any testing needed after records reviewed.
- In addition to the required tests listed above, a face-to-face evaluation by a Cardiothoracic Surgeon. This will be arranged by the Valve Clinic Coordinators.
- Treatment options include Surgical Mitral Valve Repair or Replacement, Mitral Clip, a Clinical Trial or Medical Management.
- The patient, family, and referring physician are informed of the Valve Team’s decision by a Valve Clinic Coordinator or Valve Team provider after multidisciplinary discussion in weekly conference.
